

Job description:**Haven MRO – Lead Technician Job Description****Location:** Amarillo, Texas**Compensation:** Competitive, based on experience**Employment Type:** Full-Time**About Haven MRO**

At Haven MRO, we're redefining what exceptional aircraft maintenance support looks like. Our team is driven by craftsmanship, safety, and a shared pride in helping aircraft fly safer, smoother, and longer. We believe technicians are the backbone of our operation—and we invest in people who take ownership, care deeply about their work, and want to grow in a supportive, purpose-driven environment.

The Role

We're looking for a hands-on, detail-loving Technician who thrives in a fast-paced, team-centered MRO environment. You'll work closely with experienced leads and specialists to perform inspections, repairs, preventative maintenance, and system troubleshooting across a wide range of aircraft components.

If you're someone who brings both technical know-how *and* positive energy to the hangar, you'll fit right in.

What You'll Do

- Perform maintenance, repair, overhaul, and testing of aircraft components in accordance with company, FAA, and OEM standards
- Diagnose issues using manuals, schematics, and test equipment
- Document work clearly and accurately in compliance with regulatory requirements
- Collaborate with leads and engineering to solve complex technical problems
- Maintain a clean, safe, efficient workspace
- Participate in continuous improvement efforts—your ideas matter here
- Represent Haven MRO's values of craftsmanship, safety, and teamwork every day

What You Bring

- Previous aviation maintenance or mechanical experience (MRO experience a plus)
- Strong troubleshooting skills and comfort working with precision tools
- Ability to read and interpret technical data and schematics
- A proactive attitude and willingness to learn new systems and processes
- Exceptional attention to detail—quality and safety are non-negotiable
- The ability to work well in a team-oriented environment

Why Join Haven MRO?
